

PERFECT HEALTH INSURANCE

“Yes, we have a one-track mind.

We believe that Health Savings Accounts are so superior, we’re the one company that won’t waste your time with any other form of health insurance.”

— Carmine Morano, President
The PerfectHealth Insurance Company

An HSA from The PerfectHealth Insurance Company is a combination of a Health Savings Account and a High Deductible Health Insurance Plan (HDHP). It not only lowers and controls an employer's cost for benefits... but also offers employees far more benefits than ever before.

At PerfectHealth, we understand Health Savings Accounts like no-one else. After all, we're the pioneers in this field. If you're an employer, we can show you how to save significant sums of money while also cutting your taxes. In addition, we're ready to explain HSAs to your employees. Even show them how to set up the interest-bearing, tax-free savings account.

To us, the advantages of our HSAs over traditional health insurance are very clear.

How many other health insurance companies can make that statement?
